

COOKIES

What are Cookies?

Cookies are small data files that websites place on your computer, laptop or mobile device.

Our Cookies and how we use them

Cookies improve the performance of our website by understanding which parts work well, and which don't.

Cookies measure our online advertising and marketing.

Cookies measure how you and other people use our website.

Cookies help us find ways to improve your experience on our website ~ for example, remembering your choices or selections.

Which Cookies we use and why

Strictly necessary cookies

These cookies are required for the operation of our website. These cookies are necessary for the safety, security and integrity of our website. These cookies are necessary for the safety, security and integrity of our website and when you leave our website they are deleted automatically.

Performance cookies or analytical cookies

These cookies or analytical cookies allow us to recognise and count the number of visitors and to see how you and all our visitors move around our website. This knowledge helps us to improve the way our website works and your user experience.

Functionality cookies

These cookies recognise you and all our visitors when you return to our website. These cookies will remain on your device until you choose to clear your history. If you choose to do this, you will need to re-enter your details every new time you visit our website.

Blocking Cookies

Most browsers can block cookies. For more information please see www.allaboutcookies.org
